PROFESSIONAL SUMMARY

I am Ismatul Ilmi, a highly motivated and driven Informatics student at Siliwangi University, ready to transition into the professional workforce. Equipped with effective communication, engaging and collaborative team management, and creative, innovative, and logical problem-solving skills, I am prepared to adapt and excel in various job roles. With a strong foundational knowledge in software engineering, I am fully committed to building a professional career in the IT industry.

WORK EXPERIENCE

Digital Marketing Specialist

Family Group | May 2023 – Present

- Managed and optimized online store operations, driving consistent sales growth and enhancing the digital storefront's performance.
- Executed targeted digital marketing campaigns and market trend analyses to identify product opportunities and expand market reach.
- Maintained data integrity and accuracy by systematically entering sales data into the database to support reliable performance tracking.
- Delivered excellent customer service through online platforms, effectively resolving inquiries to maintain high customer satisfaction and retention.

Affiliator

Freelance | 2023

- Created and optimized engaging video and photo content on TikTok to enhance product visibility and drive audience engagement.
- Conducted continuous trend analysis to align visual content with current social media algorithms and target audience preferences.
- Managed and grew the TikTok account by strategically optimizing video performance to increase overall viewers and channel reach.
- Boosted affiliate sales conversions through effective digital promotions, high-quality media editing, and strategic product positioning.

Industrial Internship

CV. Putra Mandiri | July 2022 – September 2022

- Assisted the administrative staff in managing, processing, and organizing sales invoices to ensure accurate financial documentation.
 - Maintained and updated company data records, ensuring high accuracy and easy accessibility for daily business operations.
 - Handled various day-to-day administrative tasks to support office efficiency and meet company procedural requirements.
-
